

myMealOrder.com

City View is excited to now offer online pre-ordering of meals at MyMealOrder.com. MyMealOrder is a simple and effective way to pre-order and pay for your school lunches online.

MyMealOrder provides:

- ✓ Convenience - Available 24/7 on the web or on any mobile device.
- ✓ Efficiency - Make payments for all your children with one account.
- ✓ Control – Select the meals and items you want your children to eat.
- ✓ Flexibility - Make payments using credit/debit cards and electronic checks.
- ✓ Security – MyMealOrder adheres to the highest security standards, including PCI and provides the highest level of security available against card-present data fraud.

Creating an account is simple!

1. Go to www.MyMealOrder.com and register for a free account.
2. Add your students using their student ID, legal last name and school.
3. Select your meals in a week view or a month view and complete the checkout process with your credit/debit card or electronic check.

A convenience fee may apply. You will have the opportunity to review any fees and cancel if you choose, before you are charged.

Using this program will help ensure that we have accurate orders for each student however order deadlines will still apply.

What about late ordering?

We will still have late ordering on our website as meals are available, but the process will change a bit. For late ordering it is a different program. You will still go to our website and order through the site that we have been using but you will not pay at that time. We will get the notification that you purchased any of the meals that are still available and then send you an invoice for the payment.

My student is on Free and Reduced, do I still need to place these orders?

If you have arranged to have your student have all meals for the year then you do not have to place the order, if you have opted out of that program you will need to still log in and place your student's orders. If you are unsure, please contact Ms. Becky or Ms. Teresa.
